TARUNAVODIT SOCIAL FOUNDATION

A BRIEF STORY ABOUT THE COMPANY

About Us

Tarunavodit Social Foundation is a Section 8 non-profit organization registered under the Companies Act, 2013, established with a resolute vision to bring positive and lasting change in the lives of underserved communities across India. Headquartered in Jhunsi, Prayagraj (Uttar Pradesh), we are a mission-driven organization working at the intersection of social justice, education, elderly care, disability support, and community development.

Founded by individuals deeply rooted in grassroots realities, the Foundation was created as a response to the growing need for inclusive development where the elderly, disabled, women, youth, and children can lead lives of dignity, purpose, and opportunity.

We operate as a non-profit company, meaning no portion of our income or property is distributed among our members by way of profit or dividend. All funds are reinvested solely to advance our mission. With legal and operational transparency, we are committed to long-term, sustainable development rooted in community participation and local empowerment.

WHAT DRIVES US

India's vast population faces deeply rooted issues—poverty, illiteracy, neglect of the elderly and differently-abled, gender inequality, and a lack of access to essential services. At Tarunavodit Social Foundation, we believe change begins at the grassroots level—through local action, inclusive policies, and the empowerment of those who have long remained unheard.

VISION

To build a socially just and inclusive society where every individual has access to dignity, education, and opportunities for a better life.

MISSION

01

To serve the vulnerable and marginalized

02

To promote inclusive education and awareness

03

To empower individuals and communities

04

To build strong partnerships

Objectives that Guide Our Mission

- To provide care, support, and services to elderly and differently abled individuals, ensuring their inclusion, dignity, and well-being in society.
- To promote quality education and non-formal learning opportunities for children, youth, and women in underserved communities.
- To offer vocational training and skill development programs that empower youth and women towards self-employment and financial independence.
- To conduct awareness campaigns and workshops on health, hygiene, nutrition, mental well-being, digital literacy, and gender equality.
- To establish community learning centers, libraries, and digital resource hubs to support education, innovation, and personal growth.
- To support social upliftment through livelihood generation initiatives, including the formation of self-help groups (SHGs) and micro-enterprise development.
- To partner with government agencies, NGOs, CSR entities, and educational institutions to enhance the reach and effectiveness of community welfare programs.
- To respond to emergencies and natural disasters by providing relief, rehabilitation, and psychosocial support to affected populations.
- To reduce the digital divide by providing training, tools, and technology access to underprivileged communities.
- To organize free medical camps, health check-ups, and awareness drives especially for marginalized populations in rural and semi-urban areas.
- To promote environmental conservation and awareness through tree plantation drives, waste management programs, and sustainability education.
- To ensure good governance, transparency, and ethical practices in all organizational operations through regular audits, reporting, and community engagement.

Who We Serve

- Elderly citizens facing neglect or isolation
- Differently-abled individuals needing inclusion and opportunities
- Women and youth seeking skills and empowerment
- Children and students lacking access to basic education
- Rural and urban poor in need of social, educational, and emotional support

OUR FUTURE GOALS

At Tarunavodit Social Foundation, we believe that sustainable change is built over time through consistent effort, innovation, and compassion. Our future goals reflect our vision to expand our impact and reach more lives across India.

1. Establish Community Care Centers

- We aim to set up multi-purpose community centers that will provide:
- Daycare facilities for the elderly and disabled
- Basic healthcare support
- Educational and vocational training for youth and women
- Counseling and mental health support services

2. Launch Mobile Education Units

To reach underprivileged children in remote areas, we plan to introduce mobile learning vans equipped with digital tools, books, and trained educators.

3. Women & Youth Empowerment Programs

We aim to expand our capacity to conduct:

- Skill development workshops in tailoring, handicrafts, digital literacy, etc.
- Entrepreneurship support for self-help groups (SHGs) and start-ups led by women and youth.

4. Digital Literacy & Online Education

In response to the growing importance of technology, we will promote digital inclusion by providing free or subsidized digital literacy training, especially for rural women and school dropouts.

5. Partnerships with Government & NGOs

We plan to establish strong collaborations with:

- Local and national government bodies
- CSR partners in the private sector
- Like-minded NGOs and community organizations
- To strengthen our project implementation and increase our reach.

6. Environmental Awareness & Sustainability

We aim to include environmental action in our activities by:

- Conducting tree plantation drives
- Promoting clean energy and waste management
- Educating communities on sustainable living practices

TARUNAVODIT SOCIAL FOUNDATION

THANK YOU

We sincerely thank everyone who supports the mission of Tarunavodit Social Foundation. Your encouragement and collaboration inspire us to continue serving the community with compassion and commitment. Together, we can create meaningful change.
